

2010 Conservation Leadership Programme Award Winners

Title

This year 36 award winning projects were selected from 265 applications. A total of \$600,000 to teams from 23 different countries and, for the first time, we will be supporting conservation projects in Bangladesh, Nigeria, Uzbekistan and Zimbabwe. Thanks to additional support from the Save Our Species (SOS) fund, a joint initiative by the Global Environment Facility (GEF), the World Bank and the International Union for Conservation of Nature (IUCN), we are able to support eight additional projects. These teams are focusing on the most threatened of species, and their work goes beyond basic research. This June, a representative from each award winning team will take part in the CLP's International Training Course and the International Conference for Conservation Biology in Edmonton, Alberta, Canada. All award winning team members will become part of the CLP alumni network that supports over 3,000 conservation leaders. **SOS-Future Conservationist Awards:**

- [Assessing Human Impacts on Threatened Freshwater Cetaceans in Bangladesh](#)
- [Conservation of the Critically Endangered Frog, *Conraua Derooi*, in Ghana](#)
- [Angola's Central Scarp Forests: Threatened Bird Habitats and Human Impacts](#)
- [The Effect of Fragmentation and Climate Change on Amphibian Assemblage in the South Western Ghats, India](#)
- [Conservation Assessment of Amphibians in Tama Bi-National Park, Colombia-Venezuela](#)
- [Strengthening Vulture Safe Zones in Nawalparasi, Nepal](#)
- [Survey of Three Potential Important Bird Areas in Collaboration with Students in Uzbekistan](#)
- [Status and Ecology of the Sokoke Pipit in Zaraninge Forest, Tanzania](#)

Future Conservationist Awards:

- [Finding and Conserving the Little Spotted Cat of the Yungas, Argentina](#)
- [Dipper Project: Conservation and Status of *Cinclus schulzi* in Argentina](#)

- Conservation of the White-rumped Vulture (*Gyps bengalensis*) in Bangladesh
- Amazonian Manatee Conservation Project, Anavilhanas National Park, Brazil
- Habitat Requirements and Management for Siberian Cranes at Momoge, China
- Conservation Status of the Pacific Goliath Grouper in Colombia
- Endangered Primates? Role in the Conservation of Colombian Ecosystem Services
- Last Chance to Save? Averting an Amphibian Conservation Crisis in Bale, Ethiopia
- Researching Bird and Mammal Populations on the Liben Plain, Ethiopia
- Community Awareness and Capacity Building for Endangered Turtle Conservation in northeast India
- Securing Coral Reefs Ecosystem Of Karimunjawa, Indonesia
- Conservation and Culture: Customary Forest Assessment in Jambi Province, Indonesia
- Facilitating Avian Conservation in Post-logging Lowland Rainforest of Sumatra, Indonesia
- Conservation Assessment of Rare Endemic Plants of Mandrare Valley, Madagascar
- Wildlife Picture Index at Myangan Ugalzat National Park, Mongolia
- Assessment and Conservation of Grey-necked Picathartes in South-east Nigeria
- Conserving Globally Threatened Fauna in Balabac Island, Palawan, Philippines
- Identification and Protection of Important Bat Caves in Turkey
- Participative Research On Biodiversity (R.O.B.IN) in Uruguayan Artisanal Red Shrimp Fishery
- Mitigating Human-Crane Conflict in Driefontein Grasslands, Central Zimbabwe

Follow-up Awards:

- Transboundary Habitat Evaluation and Conservation of Cao Vit Gibbon
- YARÉ II: Yariguíes Assessment and Research of Endangered Species
- Building Community Capacity and Support for Conserving the Lesser Florican
- Community-based Conservation of Lake Kuyucuk Ramsar Site
- CHAGRA'2010: Enhancing Conservation of the Chalk Grasslands in Ukraine
- For Sustainable Recovery of Grey-shanked Douc Monkeys in Vietnam

Leadership Awards:

- Araripe Manakin Conservation Center, Brazil
- Conservation of White-headed duck (*Oxyura leucocephala*) in Russian Federation
